Salem Press Announces the Newest Addition to the Popular *Defining Documents in History* Series: *The 1970s (1970-1979)*

Defining Documents in American History: Environment & Conservation offers in-depth analysis of a broad range of historical documents and historic events that shaped this turbulent decade from the end of the conflict in Vietnam to the resignation and pardon of Richard M. Nixon to the Camp David Accords. Through the close study of 49 primary source documents, this text delivers a thorough examination of important international, political, domestic, environmental, and technology concerns in the U.S. from 1970 to 1979.

The 70s saw a continuation of the Cold War along with growing alarm over escalations in the nuclear arms race. Talks and treaties such as the Anti-Ballistic Missile Treaty marked renewed efforts by the United States and Russia (USSR) to ease tensions and reduce the proliferation of offensive and defensive nuclear weapons. On the domestic front, *Roe v. Wade* worked its way through the courts, and Harvey Milk delivered a clarion call with his speech against California's infamous Proposition 6. Bill Gates launched a discussion about the pirating of software that continues to the present day with implications for software developers and artists alike.

Defining Documents in American History: Environment & Conservation is organized under six broad categories

- The Vietnam War
- Nixon and Watergate
- The Cold War and the Middle East
- Domestic Affairs
- Environmental Developments
- Science and Technology

Each document is supported by a critical essay, written by historians and teachers, that includes a Summary Overview, Defining Moment, Author Biography, Document Analysis, and Essential Themes. Readers will appreciate the diversity of the collected texts, including speeches, constitutional amendments, senate testimony, political speeches, laws, government reports, international treaties, letters, and court opinions, among other genres. An important feature of each essay is a close reading of the primary source that develops evidence of broader themes, such as the author's rhetorical purpose, social or class position, point of view, and other relevant issues. In addition, essays are organized by section themes, highlighting major issues of the

period, many of which extend across eras and continue to shape life as we know it around the world.

Each section begins with a brief introduction that defines questions and problems underlying the subjects addressed in the historical documents. Each essay also includes a Bibliography and Additional Reading section for further research.

About the Series

Defining Documents consists of a collection of essays on important historical documents by a diverse range of writers on a broad range of subjects in American history. The series offers a broad range of historical documents on important authors and subjects in American history, with primary source documents, in-depth analysis, and comprehensive lesson plans that represent the diversity of ideas and contexts that define social, political and cultural subjects throughout American history. *The Defining Documents* series is perfect for students, those researching a particular era, or anyone interested in American History since 1492.

The following titles make up the entire *Defining Documents* series:

- | | |
|---|---|
| • Exploration and Colonial America (1492-1755) | • The Emergence of Modern America (1868-1918) |
| • The American Revolution (1754-1805) | • World War I (1916-1919) |
| • Manifest Destiny & the New Nation (1803-1859) | • World War II (1936-1947) |
| • The American West (1836-1900) | • The 1910s (1910-1919) |
| • Civil War (1860-1865) | • The 1920s (1920-1929) |
| • The Reconstruction Era (1865-1880) | • The 1930s (1930-1939) |
| • Civil Rights (1954-2015) | • Vietnam War (1956-1975) |
| • The 1950s (1950-1959) | • Ancient World (2700 B.C.E.-c.500 C.E.) |
