Salem Press Announces *Defining Documents in World History: Treason*

The *Defining Documents in World History* series, produced by Salem Press, offers a closer look at important historical documents by pairing primary source documents on a broad range of subjects with essays written especially for the series by expert writers, including historians, professors, researchers, and other authorities in the subject under examination. This established series now includes seventeen titles that present documents selected to illuminate specific themes and eras in world history—including The Renaissance & Early Modern Era, Ancient World, Women’s Rights, Human Rights, Genocide & The Holocaust, The Nuclear Age, Revolutions, and Religious Freedom.

This two-volume set, *Defining Documents in World History: Treason*, offers in-depth analysis of eighty documents, including book chapters, congressional reports, correspondences, court decisions, court transcripts and testimonies, edicts, interviews, legal documents, legislation, letters, manifestos, newspaper articles, pamphlets, press releases, radio broadcasts, and speeches. These selections highlight legislation surrounding treason and noteworthy examples of treasonous acts and their consequences throughout history, both in the United States and around the world.

The material is organized into five sections, each beginning with a brief introduction that examines the importance of the topic through a variety of historical documents.

The first volume includes chapters on the following topics: <ul style="list-style-type: none">• Treason and Law• Treason in Wartime• Treason and Espionage	The second volume continues with the following: <ul style="list-style-type: none">• Treason and Ideology• Treason and Insurrection
--	---

Documents within these sections provide an overview of the history and contemporary issues surrounding religious freedom and persecution around the world.

Each Historical Document is supported by a critical essay, written by historians, teachers, and researchers, that includes a Summary Overview, Defining Moment, About the Author, Document Analysis, and Essential Themes. An important feature of each essay is a close reading of the primary source that develops broader themes, such as the author’s rhetorical purpose, social or class position, point of view, and other relevant issues. Each essay also includes a section entitled Bibliography and Additional Reading that provides suggestions for further readings and research.

Appendixes in this book include:

- **Chronological List** which arranges all documents by date;

- **Web Resources**, an annotated list of websites that offer valuable supplemental resources;
- **Bibliography** lists of helpful articles and books for further study

About the Series

The *Defining Documents* series provides in-depth commentary and analysis on the most important primary source documents in the United States and the world. *The Defining Documents* series is perfect for students, those researching a particular era, or anyone interested in world history. Visit www.salempress.com for more information about additional titles in this series.

FREE ONLINE ACCESS

Libraries and schools purchasing the printed version of any Salem Press title get complimentary online access to that title on our new online database, <http://online.salempress.com>. Combining Salem's Literature, History, Health, Science and Careers titles, students and researchers can now access all of their Salem content in one comprehensive site. Any school or library with print reference content in Salem Press' database is entitled to online access to that content. This access is an inherent part of our product.
