

CONTENTS

Publisher's Note	vii	Electrical Measurement	236
Editor's Introduction	ix	Electric Automobile Technology	243
Contributors	xv	Electrometallurgy	251
Common Units of Measure	xvii	Electronic Materials Production	257
Aeronautics and Aviation	1	Electronics and Electronic Engineering	263
Algebra	9	Energy-Efficient Building	269
Antiballistic Missile Defense Systems	17	Energy Storage Technologies	275
Applied Mathematics	23	Engineering	281
Applied Physics	31	Engineering Mathematics	288
Architecture and Architectural Engineering	38	Engineering Seismology	293
Artificial Intelligence	45	Environmental Biotechnology	299
Artificial Organs	52	Environmental Engineering	305
Audio Engineering	58	Enzyme Engineering	311
Avionics and Aircraft Instrumentation	64	Fiber-Optic Communications	317
Biomechanical Engineering	70	Fluid Dynamics	323
Bionics and Biomedical Engineering	76	Fossil Fuel Power Plants	328
Bioprocess Engineering	82	Fractal Geometry	334
Bridge Design and Barodynamics	88	Game Theory	343
Calculus	93	Geoinformatics	348
Chaotic Systems	98	Geometry	355
Charge-Coupled Devices	103	Grammatology	362
Chemical Engineering	108	Hydraulic Engineering	367
Civil Engineering	115	Industrial Pollution Control	373
Climate Engineering	122	Information Technology	379
Climate Modeling	127	Integrated-Circuit Design	387
Climatology	134	Internet and Web Engineering	393
Coal Gasification	141	Landscape Architecture and Engineering	399
Coal Liquefaction	146	Mechanical Engineering	404
Communication	151	Metallurgy	413
Communications Satellite Technology	158	Naval Architecture and Marine Engineering	421
Computer Engineering	164	Numerical Analysis	426
Computer Graphics	170	Paper Engineering	431
Computer Languages, Compilers, and Tools	176	Parallel Computing	436
Computer Networks	181	Pattern Recognition	442
Computer Science	187	Petroleum Extraction and Processing	447
Cryptology and Cryptography	195	Plane Surveying	453
Digital Logic	201	Plastics Engineering	458
Earthquake Engineering	207	Pneumatics	467
Earthquake Prediction	215		
Ecological Engineering	221		
Electrical Engineering	228		

Polymer Science	472	Submarine Engineering	573
Probability and Statistics	478	Thermal Pollution Control	579
Proteomics and Protein Engineering	486	Time Measurement	585
Pyrotechnics	492	Topology	591
Quality Control	497	Transportation Engineering	597
Radio	503	Trigonometry	604
Risk Analysis and Management	509	Typography	610
Robotics	514	Urban Planning and Engineering	615
Sanitary Engineering	522	Video Game Design and Programming	621
Scanning Probe Microscopy	528	Virtual Reality	627
Sewage Engineering	533	Biographical Dictionary of Scientists	635
Software Engineering	538	Glossary	653
Spacecraft Engineering	545	Timeline	663
Space Environments for Humans	552	General Bibliography	713
Sports Engineering	558	Subject Index	734
Structural Composites	564
