

CONTENTS

Publisher's Note	vii	Endocrinology	238
Editor's Introduction	ix	Environmental Chemistry	245
Contributors	xvii	Environmental Microbiology	252
Common Units of Measure	xxi	Epidemiology	259
Acoustics	1	Ergonomics	266
Agricultural Science	10	Gastroenterology	272
Agroforestry	16	Gemology and Chrysolgy	279
Agronomy	21	Genetically Modified Organisms	285
Anesthesiology	27	Genetic Engineering	291
Animal Breeding and Husbandry	32	Genomics	299
Archaeology	38	Geriatrics and Gerontology	305
Areology	45	Hematology	313
Atmospheric Sciences	52	Histology	319
Audiology and Hearing Aids	61	Human Genetic Engineering	325
Barometry	68	Hydroelectric Power Plants	334
Bioengineering	75	Hydrology and Hydrogeology	343
Bioinformatics	83	Hypnosis	346
Biomathematics	90	Immunology and Vaccination	351
Biomechanics	96	International System of Units	357
Biophysics	102	Kinesiology	363
Biosynthetics	108	Landscape Ecology	369
Cardiology	114	Land-Use Management	375
Cell and Tissue Engineering	120	Magnetic Resonance Imaging	382
Ceramics	127	Measurement and Units	388
Clinical Engineering	133	Metabolic Engineering	395
Cloning	138	Meteorology	401
Computed Tomography	145	Microscopy	408
Criminology	151	Military Sciences and Combat Engineering	416
Demography and Demographics	158	Mineralogy	424
Dentistry	164	Mirrors and Lenses	430
Dermatology and Dermatopathology	170	Nephrology	436
Diffraction Analysis	177	Neural Engineering	442
DNA Analysis	184	Neurology	449
DNA Sequencing	191	Nursing	457
Economic Geology	197	Nutrition and Dietetics	463
Electrochemistry	203	Obstetrics and Gynecology	469
Electron Microscopy	211	Occupational Health	475
Electron Spectroscopy Analysis	215	Oceanography	482
Electronic Commerce	220		
Electronic Materials Production	226		
Electronics and Electronic Engineering	232		

Ophthalmology	488	Space Stations.	645
Optics	493	Spectroscopy.	651
Optometry	499	Speech Therapy and Phoniatics	658
Orthopedics	505	Stem Cell Research and Technology	664
Osteopathy	511	Superconductivity and Superconducting Devices.670	
Otorhinolaryngology	516	Surface and Interface Science	677
		Surgery	682
Paleontology.	523		
Parasitology	530	Telescopy	688
Pathology	535	Toxicology	696
Pediatric Medicine and Surgery	541	Tribology	701
Penology	548		
Pharmacology.	553	Ultrasonic Imaging	706
Photonics	560	Urology.	711
Planetology and Astrogeology.	565		
Propulsion Technologies.	572	Veterinary Science	718
Prosthetics	578	Virology	724
Psychiatry	584		
Pulmonary Medicine	591	Xenotransplantation	730
Radio Astronomy	597	Biographical Dictionary of Scientists	738
Radiology and Medical Imaging	603	Glossary	755
Rehabilitation Engineering.	610	Timeline	765
Reproductive Science and Engineering	616	General Bibliography.	815
Rheumatology	622	Subject Index	838
Soil Science	627		
Somnology	633		
Space Science.	638
