

The Thirties in America

Reviews

“Though the Great Depression was the major concern of 1930s' US and Canada, **over 50 subject categories receive attention, adding to the usefulness of this set.** The three volumes feature 670 alphabetically arranged entries ranging up to six pages. Each signed article includes a summary, a section on impact, "further reading" suggestions, and cross-references. Special features include 312 photographs, 16 maps, and 70 sidebars (lists, time lines, tables, graphs, and textual extracts). The 15 appendixes cover the arts, politics, and sports...**Summing Up: Recommended. High school students, lower-level undergraduates, and general readers.**”

-CHOICE, 2011

“**Equally useful for directed searches or browsing, accessible, engaging, and accurate, this resource is recommended for libraries serving researchers in high school and up.**”

-Booklist, 2011

“**Intelligently conceived and well prepared,** this reference is appropriate for an audience at high school level or above, and general readers.”

-Booknews, 2011

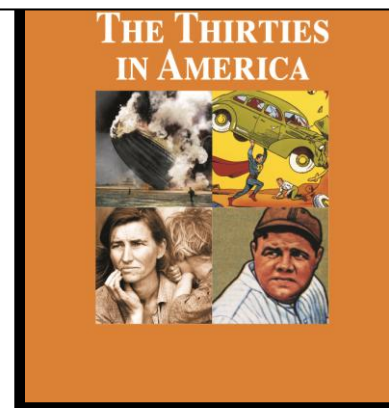

“Libraries collecting the series will want this one, and since this decade is a popular subject for history research papers, **The Thirties can be considered for stand-alone purchase as well.**”

-School Library Journal, 2011

“**BOTTOM LINE** The writing is appropriate for high school and college students seeking information about drama, entertainment, legislation, literature, music, sports, etc., with a focus on the Great Depression and events surrounding it. Similar to the other volumes in Salem's “Decades” series, this set is welcome for its coverage of a tumultuous decade in both the United States and Canada.”

-Library Journal, 2011
